Professional Summary

Detail-oriented Software Developer and UNF Magna Cum Laude graduate with enterprise experience building scalable web applications, REST APIs, and cloud services. Skilled in JavaScript, TypeScript, Node.js, React, C#/.NET, relational databases, and modern AI productivity workflows. Strong track record delivering clean, maintainable code within Agile SDLC environments.

Technical Skills

Programming Languages: JavaScript (ES6+), TypeScript, C#, SQL, HTML5, CSS3

Frameworks & Libraries: Node.js, Express.js, React, .NET

Databases & Cloud: PostgreSQL, MySQL, RESTful APIs, AWS (Cloud Practitioner), Azure AI Essentials

Developer Tools & AI: AI Pair Programming, AI Agents, Git, GitHub, VS Code, NetSuite, Vercel, Agile/Scrum

Professional Experience

RF-SMART – Jacksonville, FL

Software Developer Intern - Product Engineering (NetSuite)

Jan 2026 – Jul 2026

- Engineered and optimized core features for enterprise supply chain management software within multi-tenant cloud environments.
- Diagnosed and resolved complex asynchronous API deletion defects to enhance data integrity and system stability across production workflows.
- Actively participated in sprint planning, backlog refinement, and peer code reviews, consistently delivering approved pull requests.
- Managed version control workflows via Git to ensure smooth deployment pipelines across global enterprise client operations.

PERSOWN CONNECT – Remote

Web Developer

Sept 2024 – Present

- Build custom web applications and internal platform utilities using modern web technologies to streamline content management workflows.
- Implement user engagement tracking metrics to deliver actionable analytics for platform optimization.
- Perform automated and cross-browser debugging to enhance user interface responsiveness, application performance, and site reliability.

E-CAMP & INFOCLUB COMPANIES – Remote

Bootcamp Assistant & Technical Instructor - Full Stack JavaScript

Jul 2021 – Jun 2022

- Mentored over 30 aspiring developers per class in full-stack web engineering, focusing on Node.js, Express, RESTful APIs, and PostgreSQL.
- Conducted structured code reviews and evaluated pull requests to teach clean code principles, modular architecture, and testing standards.

Education & Certifications

University of North Florida (UNF) – Jacksonville, FL

Bachelor of Science in Information Science | Minor in Leadership

Graduated Jul 2026

Honors & Societies: Magna Cum Laude, Upsilon Pi Epsilon (International Honor Society for Computing)

Certifications & Competency Clusters:

- **Cloud & Infrastructure:** AWS Certified Cloud Practitioner (AWS Academy Cloud Foundations), Microsoft Azure AI Essentials (Microsoft)
- **AI Engineering & Productivity:** AI Pair Programming, AI Agents for Productivity, & Modern AI Workflows (LinkedIn)
- **Full-Stack & Software Engineering:** Full Stack Java App Development (Talentio Digital para Chile), JavaScript & Node.js Advanced Mastery (LinkedIn), Relational Database Design & SQL (LinkedIn)
- **Agile & Methodologies:** Scrum Role Principles & Agile Project Management (LinkedIn), Automated QA Testing (LinkedIn), Microsoft Excel Level I (UNF)
